Grand Patios

Refined Symmetry for a Distinctive Landscape

Heartland is a larger, 6 cm thick paver that installs 30% faster than traditional paver systems. The false-joint design creates the look of a multi-size paver system, but with a more efficient install because there is one size and no pattern to follow, providing a beautiful outdoor area with the strength of interlocking stone.

Sizes (L x W x H)

392 x 320 x 60 mm
15.43 x 12.60 x 2.36 in

Colours

Antique Brown

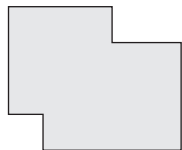

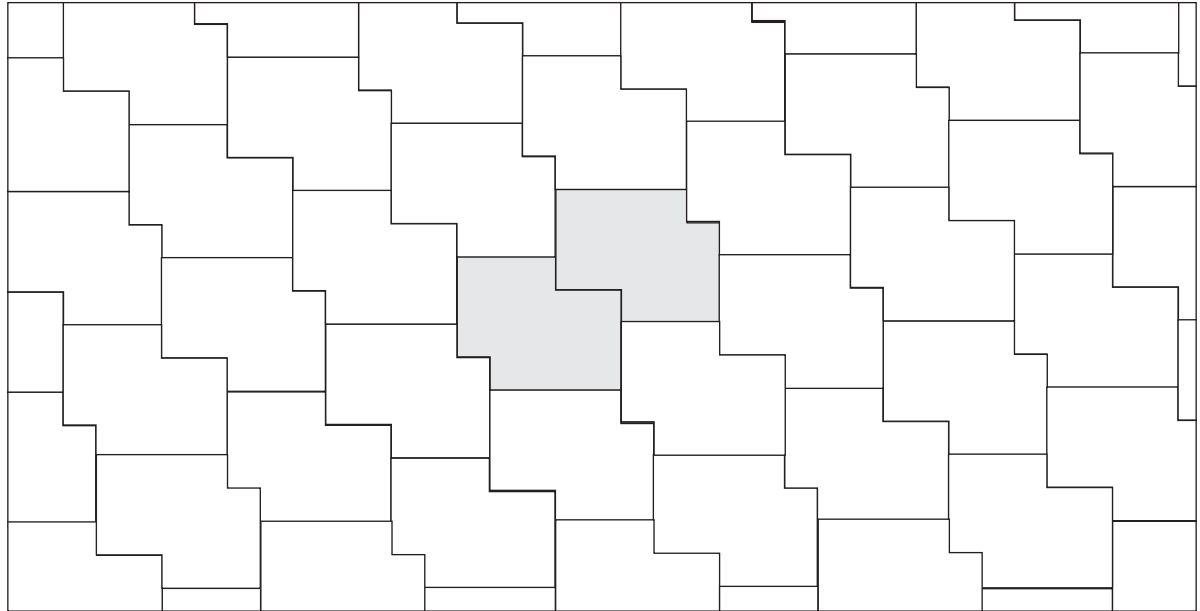

Sierra Grey

Old Town

Patterns

Heartland is available in a single paver size with assorted face patterns, allowing for quick installation while still maintaining a random look. Techniseal HP2/NextGel polymeric sand is required during installation due to false joints.
