Simple European Style

The Holland paver is the definition of uncomplicated style. Right angles and straight lines add structure to any installation while providing a level of sophistication to residential and commercial settings. It is also available as a permeable paver as part of our Holland Eco line.

Patterns

Holland pavers can be installed in a running bond or herringbone pattern with border options that can be combined with other pavers. This paver system gives you limitless artistic design, flexible durability and is tastefully designed for discriminating developers or builders who want their projects to reflect a high quality standard.
