Enhance your outdoor living space with landscape kits from our Stone Oasis Collection. See the legend below for the items used in these options for your small to medium backyard:

- 1 Access to your home can be done via barkman pavers with option to have a GFRC planter as an accent. Including feature planting and Oasis Pillars can frame your patios and walkways.
- 2 Oasis Curved Bar takes entertaining to a new level.
- 3 Oasis Pub Table creates a pub setting with any outdoor spot.
- 4 GFRC boulders can be used to emphasize the natural look of your backyard.
- 5 Oasis Pillars mark access points and corners. A path transition is shown to connect the walkway to the patio.
- 6 Oasis Circle Firepit becomes the focal point for the Oasis Circle Patio and Border.
- 7 Oasis Rectangular Patio and Border serve as the foundation for a nice outdoor living room.
- 8 Have an Oasis Waterfall with tall grasses behind the wall and between the pillars for a colour and texture accent.

You can combine both options in a medium-sized backyard by adding informal transitions using barkman pavers.

Enhance your outdoor living space with landscape kits from our Stone Oasis Collection. See the legend below for the items used in this option for your large backyard:

- 1 Access to your home can be done via barkman pavers as a deck, landing or grade, with option to include feature planting and Oasis Pillars.
- 2 Oasis Rectangular Patio and Border provide a strong foundation for your outdoor living room.
- 3 Plant tall grasses behind the wall and between the pillars of your Oasis Waterfall for a colour and texture accent.
- 4 Oasis Pillars and Oasis Glass Block Pillars have been used throughout the landscape design to mark access points and corners of patios.
- 5 Oasis Pub Table has been set on a crushed stone surface with randomly inset unit pavers.
- 6 Consider adding interest on the horizontal surfaces in your yard with paving, retaining walls and accent planting.
- 7 Your dining and entertainment area can consist of an Oasis Curved Bar placed on an Oasis Rectangular Patio and Border.
- 8 Create a backyard centerpiece with our easy-to-install Oasis Fireplace with the addition of two Wood Storage options, all placed on an Oasis Rectangular Patio.
- 9 Oasis Firepit becomes the focal point for the Oasis Circle Patio and Border.
- 10 An informal transition from one area of the yard to another was created by a randomly inset Stepping Stone pathway. GFRc boulders with various sizes are shown providing informal connections between patios and enhancing plants and trees.

Planning what your needs are for your outdoor spaces is essential to create a place that you will love. Use these tips and other helpful hints as you need them to create your backyard oasis. Good luck!
