Firepit with Coping

IMPORTANT :

1. The consumer is responsible for reviewing the local regulations pertaining to the installation and use of this product. Please confirm that use of this product is in compliance with the by-laws, regulations, building codes and laws of your jurisdiction before using.
2. Make sure that you locate your respective gas lines, wires, water pipes, and/or any above ground and underground services in your area and install your firepit in the proper distance away from them. Check with your provider for location and distance requirements prior to installation
3. Check with your insurance provider concerning the installation, use, value implications and/or any other considerations in regards to your firepit setup.
4. Firepit is not suitable for large fires. Fire size should not allow flame to contact the top layer. Firepits should not be placed directly on concrete products as high heat can adversely affect the integrity of the product.

1

Lay down the first layer as shown.

USE:

(12) 12 x 8 blocks

2

Lay down the second layer as shown.

USE:

(12) 12 x 8 blocks

3

Lay down the third layer as shown.

USE:

(18) 12 x 8 blocks

Planters and Steps

1

Lay down the first layer as shown.

USE:

(30) 12 x 8 blocks

2

Lay down the second layer as shown.

USE:

(22) 12 x 8 blocks

3

Lay down the third layer as shown.

USE:

(16) 12 x 8 blocks

4

Lay down the fourth layer as shown.

USE:

(16) 12 x 8 blocks

5

Lay down the final layer as shown.

USE:

(16) 12 x 8 blocks

barkman™
