HEXAGON 65MM

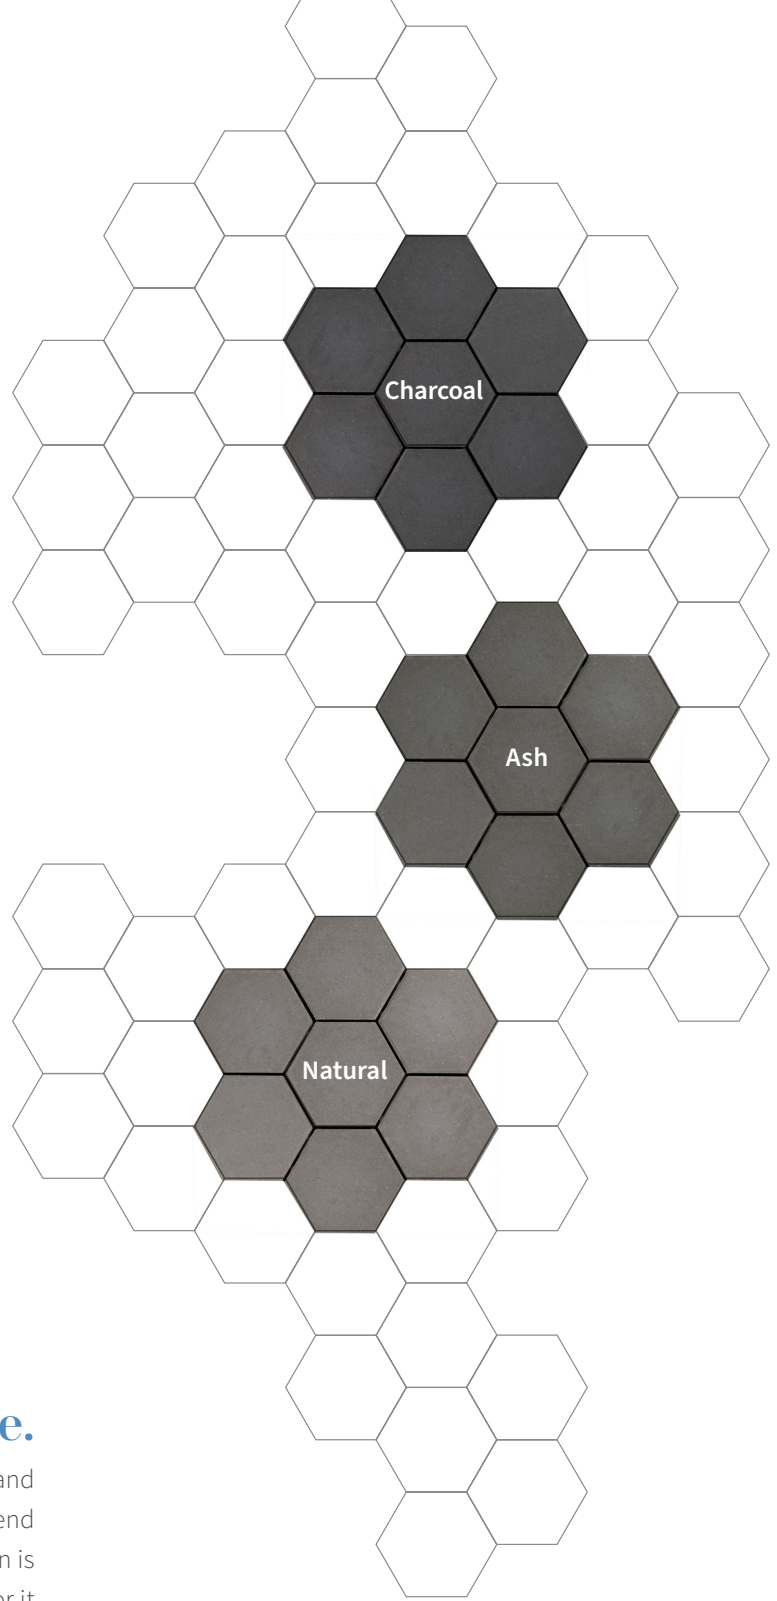

Quality and innovation...

Hexagon 65mm breaks away from traditional paver design in favour of something more playful. Colours can be mixed and matched to create striking geometric designs that enliven any outdoor space.

from every angle.

Hexagon uses the same spacers and chamfer as Broadway, allowing it to blend well with one of our most popular pavers. At 65mm, Hexagon is ideal for patios, pools, walkways and driveways. Look for it in the 2023 season.
