Kodah

The Look of Natural Stone

Kodah is a one-of-a kind large scale retaining wall. Its modern, linear proportions combined with its rough, quarried stone texture make it perfect for a variety of applications including garden walls and tiered walls.

Kodah's consistent quality and block dimensions eliminate the need to sort and sift through natural stone for just the right piece.

INSTALLATION NOTES

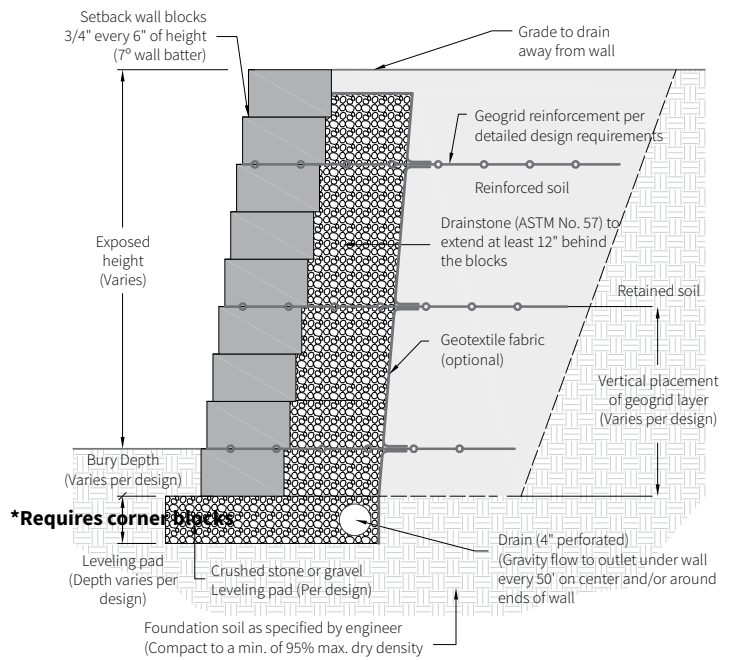

- Always lift Kodah blocks in teams of two people.
- Mix blocks from multiple pallets in order to achieve the best possible color blend.
- To achieve proper setback in a retaining wall (7°), place each row of block 3/4" back from the previous row.

- Lay blocks in random order to avoid the appearance of vertical seams.
- Curved walls can be made with a minimum radius of 8 1/2 ft.
- For additional strength, adhere rows of block together with landscape adhesive.
